12.00 – 12.30 **Persistent inequalities: National Equality Outcomes**

This session will provide an introduction to the partnership project work undertaken by the Equality and Human Rights Commission (EHRC) and the Scottish Funding Council (SFC). In 2019, the EHRC and the SFC entered into a strategic partnership. One of the key priorities they have developed is to agree upon the most pressing inequalities that the sector should be acting on and to set National Equality Outcomes (NEOs). NEOs are student inequalities which are evidenced to be persistent at a national scale. This session will give an introduction to the NEOs and the role that students' associations have in addressing these issues.
